

SHADOWSTONE PANEL

The unique finish of the Shadowstone panel will compliment a wide range of design criteria. Shadowstone, our most popular finish, has been used in a variety of applications including Five Star Resorts and multi-million dollar homes. The Shadowstone popularity is partly due to the wide range of colors that are available.

Realstone Panels revolutionize the installation of natural stone veneer. Hand selected split stones are adhered together to form standardized panels. This allows for streamlined installation of dry stacked stone veneer. These modular panels make the installation faster and more efficient than the traditional method of cutting and placing individual pieces of stone, reducing cost and labor time. The Shadowstone Panel works well in both interior and exterior applications and compliments our entire line of natural stone products. The Realstone Systems panels are a NATURAL stone alternative to composite/faux stone products.

SHADOWSTONE SPECIFICATIONS

1.0 sq. ft. per panel (6" x 24")
Approx. panel weight 10 lbs.
Avg. thickness ½" to 1 ½"
10 to 11 pieces of stone per panel
6 panels per box (6 sq. ft.)
30 boxes per crate (180 sq. ft.)

PRODUCT ATTRIBUTES

- Reduced installation time saving time and money over conventional stone installations
- More colorful appearance than composite/faux stone
- When properly installed, joints and seams are virtually unnoticeable.
- Less cutting minimizes dust, noise, waste, and disposal time
- Realstone Panels because they are NATURAL stone will not be altered and damaged if they are chipped, cleaned, or brushed compared to composite/faux stone.

INSTALLATION

Please refer to our installation guidelines and local building codes for complete installation methods and recommendations. Installation requires a mortar bed and metal lath for best results. Stone color and shade variations are inherent in natural stone products.

CORNER PIECES

Each corner piece has natural fingered ends so two pieces neatly fit together. Corners are ship as a set of two pieces measuring 6" x 8" and 6" x 16".
