Designed for both residential and commercial applications, this collection offers the strength and versatility of porcelain with low environmental impact.

Perfect for seamless indoor-to-outdoor transitions, The Travertine Collection offers four textures—matte, grip, polished, and chiseled—each enhancing its natural appeal. With a versatile range of sizes, including 12"x24" and 24"x48", along with durable outdoor paver options in 24"x24" and 24"x48", this collection adapts seamlessly to any design vision.

# Untamed

Untamed

The marsh is so peaceful, and yet it teems with life

The Untamed porcelain tile collection reflects the untouched beauty of one of our nation's most stunning national seashores: Cumberland Island, an unspoiled land that offers a retreat from civilization, allowing for reconnection with nature and personal healing. Cumberland Island's wild horses, salt marshes, maritime forests, sand dunes, and diverse ecosystem have inspired the colors, textures, and patterns of the Untamed porcelain tile collection.

Untamed visuals pay homage to the island's diverse beauty, capturing nature's raw power, tranquility, and elegance. It evokes a connection that speaks to both the eye and the soul, reflecting the essence of biophilic design: bringing the outdoors in.

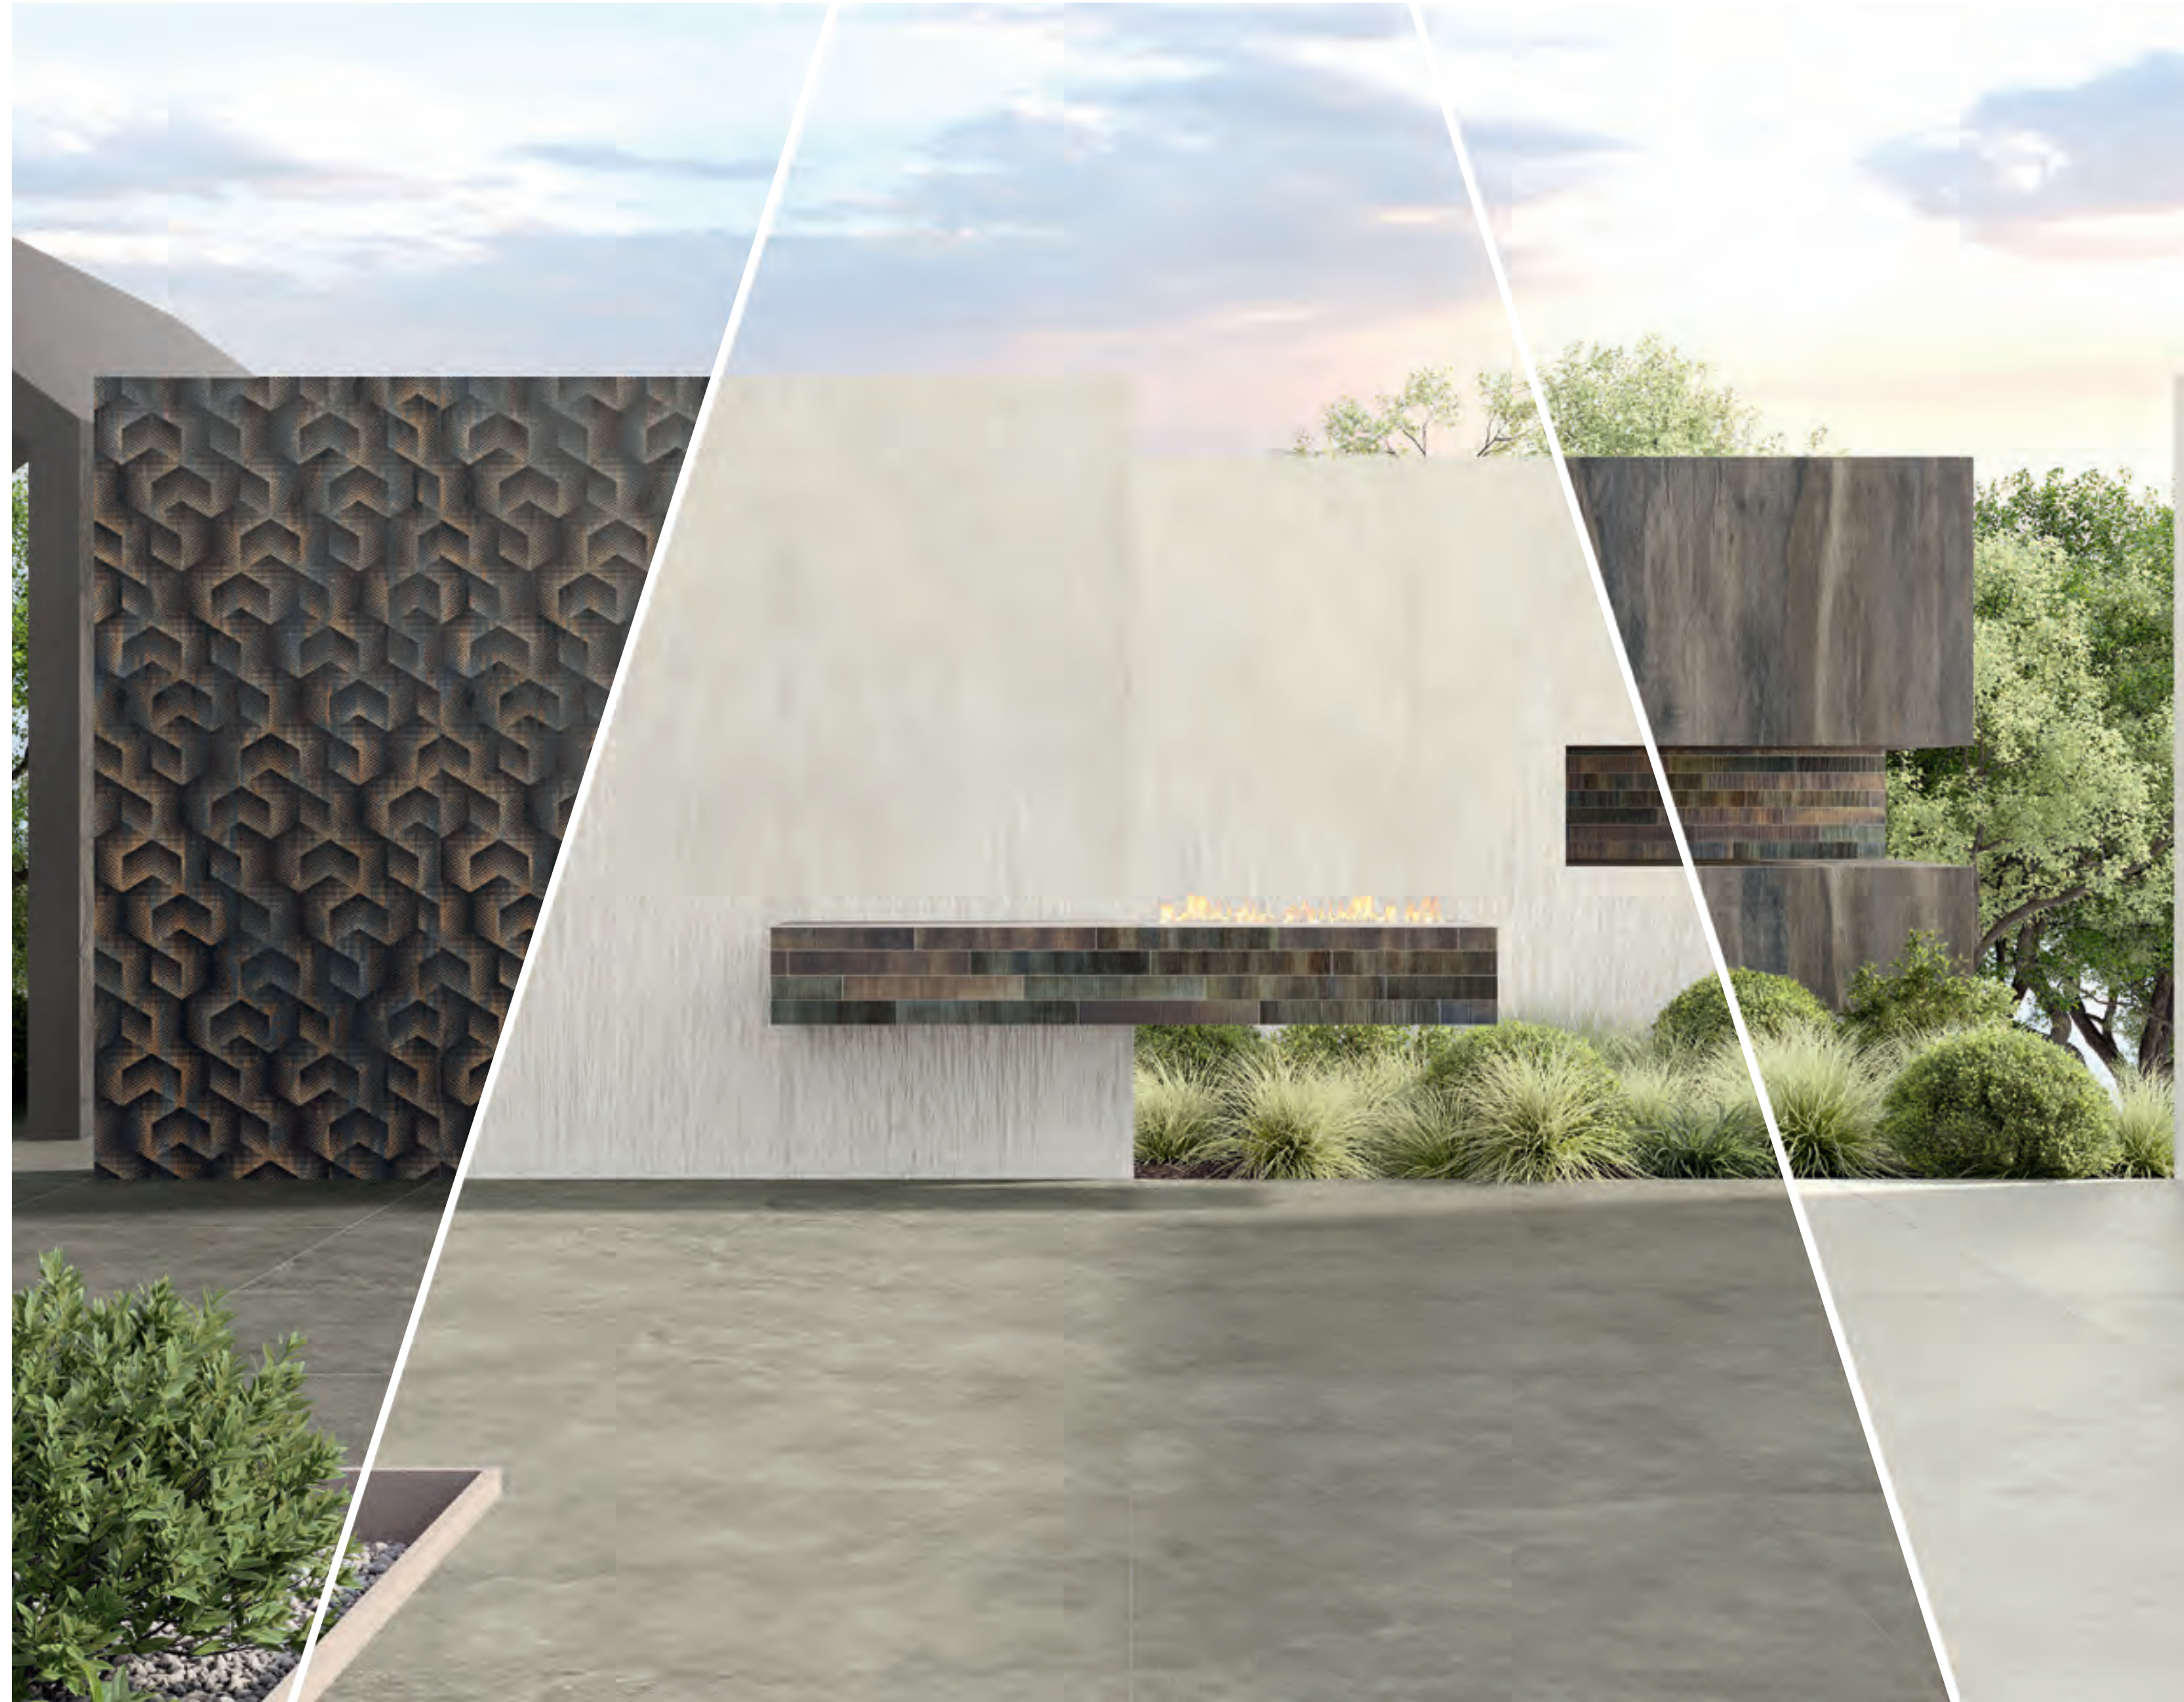

The four striking visuals in the collection reflect different details of the island: Drift captures the weathered, rugged beauty of driftwood washed ashore, shaped by the sea's embrace. Flourish transports you to soft sand dunes, where the whispers of grasses sway in the breeze, and the distant sound of waves breaking fills the air. Roam brings a touch of the wild, inspired by the intricate patterns and textures of reptilian wildlife, adding a bold, decorative edge to the collection. Finally, Wander captures the ever-changing interplay between the shoreline and the shifting tides.

Untamed's versatility allows you to mix and match sizes and patterns. The Drift and Flourish visuals both have one color each, offered in 24"x48" and 48"x110" sizes, that can be used to create impactful spaces. Roam, available in two designs and three sizes, makes a statement. Wander's five colors come in 12"x24", 24"x24", 24"x48" and an outdoor paver 2CM in 24"x24", allowing you to extend the look of Wander from inside to your outdoor space.

Designed in collaboration with Sarah Rink, Design Collaborative the Untamed Collection is the third chapter in the Stories concept, giving a voice to the American Design community.
