# SUCCESS IS BUILT ON *passion*

We are a North American natural stone quarrier and fabricator. By joining forces with other industry pioneers, we provide our customers with centuries of stone expertise. Our vision is to establish new foundations of global leadership by setting the standard for excellence in sustainable natural stone. Our products are built to last so that future generations can continue to fall in love with natural stone.

Workers in Indiana standing on a limestone column, 1921.

# OUR STONES

**INDIANA LIMESTONE - FULL COLOR BLEND™** limestone  
A natural, full range compilation of warm buff colors and medium gray tones are present within this historic limestone quarried in Indiana. Its dense, compact grain structure gives it a marble-like quality, making it the perfect choice for outdoor living spaces.

**INDIANA LIMESTONE - FOSSIL BEIGE™** limestone  
Quarried in Indiana, this limestone has finely blended ripples of beige and grey that provide a neutral backdrop to small shell inclusions and occasional russet-colored flakes. Subtle veining meanders throughout the surface creating a unique movement in this medium grained, standard grade stone.

**INDIANA LIMESTONE - MAVISE™** limestone **NEW**  
This unique limestone, extracted from Polycor’s exclusive quarry in Indiana, is highly adaptable for a variety of applications. It exhibits the robustness and density commonly found in top-quality materials, and its distinctive coloring resembles that of marble, offering both durability and one-of-a-kind veining and color patterns. Mavise is a perfect choice for projects aiming to make a bold design statement, introducing an element of exceptional elegance and charm to any space.

**CALEDONIA™** granite  
Quarried in Québec, this granite is a true Canadian emblem. Its dark backdrop is mottled with flecks in various shades taupe and gray. Recognized for its color consistency, this granite is it an ideal choice for projects to be completed in multiple phases.

**EASTERN GRAY™** granite  
This granite is truly exceptional, sourced from three distinct quarries in North America. The beautiful light to medium gray color with a mid-size coarse grain is consistent across all slabs. Its striking features will add to the aesthetic appeal of any project.

**KODIAK BROWN™** granite **NEW**  
Unearthed in the mountainous countryside of Québec, this granite has a delactable combination of chocolaty tones punctuated by small, pale flakes. Its multifaceted undertones bring a gentle sophistication to any space.

**PICASSO™** granite **NEW**  
With its neutral hues, this beautiful Canadian stone is a Polycor exclusivity. Consistent and homogenous in color, it is easy to work this stone from every angle. It is recognizable for its neutral background color and thin orange surface veins.

**SAINT HENRY BLACK™** granite  
Yet another gem from Québec, this granite is a tapestry woven with oversized, eye-catching metallic crystals, imbuing this classic stone with a touch of contemporary sophistication.

**GEORGIA MARBLE™ PEARL GREY™** marble  
The consistent grain structure of this North American marble contributes to its strength and resistance. Its white, gray, and black veins creates a dramatic statement that immediately draws the eye, making it the star attraction of any space.

**GEORGIA MARBLE™ WHITE CHEROKEE™** marble **NEW**  
This marble comes from an extensive quarry that has been operated for more than a century. Stylish it is one of the most homogenous marbles, and is used in large architectural projects and American heritage building restorations.

**SAINT CLAIR™** marble, fleuri cut **NEW**  
This monochromatic marble features a captivating wavelike pattern that evolves from one slab to the next. Depending on the stone’s cut, the slabs unveil subtle gradations of gray and beige, with delicate dark veins in a linear cut or a mesmerizing, cloud-like design in a fleuri cut.

# ESTATE VENEER SERIES

**Beauty and permanence combined.**

Embellish new builds with stately elegance or refresh an existing home by adding a classic touch. Polycor veneers are available in traditional full-bed veneer or thin veneer cladding. The Estate Veneer Series is available in a variety of stones, shapes, and sizes.
